Trust Automation Expands Sales Presence in Singapore

San Luis Obispo, California. – July 15, 2005 – Trust Automation, a leading developer of innovative motion control products and solutions for the semiconductor manufacturing, medical, entertainment, automotive and aerospace industries, today announced expansion of its sales and distribution presence, partnering with PBA Systems of Singapore, a leading supplier of motion and automation related products including motors, drives, encoders and stages.

PBA Systems supplies products for multiple industries including semiconductor manufacturing and industrial automation. The company has an experienced engineering team ready to assist with integration of components into sub-systems. PBA Systems will represent Trust Automation's complete line of products and solutions.

"PBA Systems provides a high level of technical support, design and integration capability and customer care," said Dave Rennie, Director of Sales & Marketing for Trust Automation. "Our ability to support our customers in Singapore is greatly enhanced by our partnership with PBA Systems."

About Trust Automation

Since 1990, Trust Automation has provided innovative motion control products and engineering services for the needs of many industries. Our products, including stand-alone machine and motion controllers, SynqNet I/O and SynqNet Drives, Brushed and Brushless Rotary Motors and Interconnect Products, reflect quality, robust performance, and ease-of-use; a refinement attained over 15 years of enabling Original Equipment Manufacturers meet and exceed their goals.

Trust Automation's electrical, mechanical, and software engineering teams provide comprehensive engineering services and consulting to a broad range of industries including semiconductor manufacturing, medical, entertainment, automotive, and aerospace. Our in-the-field experience with leading companies in these industries gives us the opportunity to solve today's cutting edge, real world challenges, challenges that must be solved by new ideas; new ideas that Trust Automation transforms into the **Smart Solutions** of tomorrow.

Trust Automation is headquartered in beautiful San Luis Obispo, on California's Central Coast.
